**PROFESSIONAL
EXPERIENCE:**

Ms. Buske has been involved in the field of cable television and local cable and community programming since 1972. In her practice she represents local governments, community and civic groups, and educational institutions. She has provided advice in the areas of communication policy relating to cable and telecommunications corporations and their delivery of video, voice, and data communications. This has included topics such as initial franchising, franchise renewal, transfer of ownership, cable operator performance monitoring, ascertainment, and all aspects of local cable programming.

Her work has required her to analyze franchise agreements, develop and implement franchise monitoring and compliance processes, develop franchising procedures, draft RFP documents for initial franchising and the franchise renewal process, analyze proposals submitted to cities by cable companies, conduct needs assessments specific to franchise renewal, translate the outcome of those assessments to specific ordinance language, and serve as principal negotiator during franchise renewal and franchise compliance proceedings.

She has conducted in-depth communications studies analyzing the community communication needs and interests of citizens, local educational institutions, and community and civic organizations in communities such as Los Angeles, San Jose, Monterey, Santa Rosa, Fresno, Ventura, Gilroy, Hollister, Los Altos, Palo Alto, Pacifica, Santa Maria, Humboldt County, Contra Costa County and Santa Clara County, CA; Montgomery County, MD; Tampa, FL; King County, WA; Columbia, MO; Ann Arbor, MI, and Manhattan, NY.

With respect to local cable programming, Ms. Buske is recognized as one of the foremost national experts in the field of public, educational, and government access. She has written several books and numerous articles on access and is in demand as a consultant and speaker.

She has established or assisted in the establishment of public, educational, and government access channels in hundreds of communities, including San Jose, Monterey, Santa Rosa, Ventura, Sacramento, Santa Cruz, Berkeley, Napa, Petaluma, Auburn, Hollister, Gilroy, San Juan Bautista, Marin County, and Humboldt County, CA; Salina, KS; Grand Rapids, MI; Enid, OK; Gresham and Portland OR; Rockville, MD; Flushing and Staten Island, NY; and Milwaukee, WI.

SIGNIFICANT PREVIOUS EMPLOYMENT: Executive Director of the National Federation of Local Cable Programmers (now known as the Alliance for Community Media), a Washington, D.C. based national organization serving cities, schools, and nonprofit access corporations. Lead consultant for the NFLCP's Cable Utilization Services. Responsible for day-to-day operation of NFLCP. National spokesperson for the NFLCP on federal, state, and local cable legislation and regulatory issues. (1981-1987)
